15	<p>I have personally met him so many times ar Pandara road. I can never forget his persona and aura . A man of few words he commanded huge respect among his family and friends. Shat shat naman</p>	Bobby, Sanjeev Saxena
16	<p>Sudhir, I have seen you share your father his values and his life. The passion the love and the complete sincerity that you are when you share his life with us shows how great your father was. Without ever meeting uncle I am already his fan and his thoughts and what he achieved. I remember meeting a very senior officer with you and how after decades he fondly remembered uncle. And the pride and happiness that you had on hearing that. Believe me you have a lot if not all qualities and you have passed the on to your children too. I am blessed to have been so close to you and learnt so much. 🙏🙏</p>	Himanshu Jain
17	<p>Sudhir, when after so many years of passing away if children are in such deep respect then it shows what that personality must be. Many times I got angry or wanted to react but the way you used to calm me down and give me a solution shows how you have been brought up. I have met mummy ji also and in her I saw a very elegant graceful and content human being. I am again repeating I thank God that we are connected sir. Regards.</p>
